

JIRA SOFTWARE FILES

The screenshot shows the Jira Software interface for the 'Sales Analytics' project. The browser address bar indicates the URL: `sales-data.atlassian.net/jira/software/projects/SA/boards/2/backlog`. The Jira navigation bar at the top includes 'Your work', 'Projects', 'Filters', 'Dashboards', 'People', 'Apps', and a 'Create' button. A search bar is also present.

On the left sidebar, the 'Sales Analytics' project is selected, with the 'Backlog' view active. The main content area displays the 'Backlog' for the 'Sales Analytics' project. A banner at the top of the backlog area asks: 'Does your team need more from Jira? Get a free trial of our Standard plan.'

The backlog is organized into sprints. The first sprint, 'SA Sprint 1' (24 Oct – 29 Oct), contains three issues, all of which are in the 'IN PROGRESS' state. The second sprint, 'SA Sprint 2' (31 Oct – 5 Nov), contains three issues, also all in the 'IN PROGRESS' state. The third sprint, 'SA Sprint 3' (7 Nov – 12 Dec), is partially visible at the bottom.

Each issue is represented by a green square icon, a text description, and a status label with a dropdown arrow. A 'Create issue' button is located at the bottom of each sprint's issue list.

At the bottom of the sidebar, a message states: 'You're in a team-managed project. Learn more'.

Sprint	Issues	Status
SA Sprint 1 (24 Oct – 29 Oct)	SA-1 As a user, I can register for the application by entering my email, password, and confirming my password.	IN PROGRESS
SA Sprint 1 (24 Oct – 29 Oct)	SA-2 As a user, I need valid credentials to log in to my application.	IN PROGRESS
SA Sprint 1 (24 Oct – 29 Oct)	SA-3 As a user, I need to gather the data in the form of CSV/XLS and clean the data	IN PROGRESS
SA Sprint 2 (31 Oct – 5 Nov)	SA-4 As a user, I can view the data of the products	IN PROGRESS
SA Sprint 2 (31 Oct – 5 Nov)	SA-5 As a user, I need to filter it for Data visualization.	IN PROGRESS
SA Sprint 2 (31 Oct – 5 Nov)	SA-6 As a user, I can easily visualize the data in the form of charts.	IN PROGRESS

Understand the burndown insight

Sprint burndown

7 points done, 19 points to go

On track

Not seeing this insight? Add estimates to your issues in order to calculate your sprint burndown. If you've added estimates after your sprint has started, you'll need to update the sprint's start and end date in the backlog to view this data. [Learn more about adding estimates.](#)

The Burndown insight helps you keep an eye on your sprint progress as it's happening. By frequently tracking your output against your goal.
